

Multiple Intelligences in Schools

Developing the Learning Potential of All Students

A One Day Workshop for Schools and School Districts

~ The Foundations of the Theory of Multiple Intelligences (M.I.)

- The Eight Intelligences as described by Dr. Howard Gardner
- Multiple Intelligences – the theoretical foundations
- Key Points in Multiple Intelligences theory
- The relationship between M.I. and other current theories of intelligence

~ Multiple Intelligences – Applying the M.I Theory to Ourselves

- Identifying your personal Multiple Intelligences
- Developing your personal Multiple Intelligences

~ The Multiple Intelligence School

- Traditional schools and the use of Multiple Intelligences
- Requirements of a Multiple Intelligences school
- Multiple Intelligences and curriculum development
- Involving parents in the Multiple Intelligences approach

~ Multiple Intelligences in the Classroom

- Teaching students about Multiple Intelligences
- Teaching strategies for Multiple Intelligences
- Creating a Multiple Intelligences classroom environment
- Multiple Intelligences and classroom management
- Assessing Multiple Intelligences

~ Using Multiple Intelligences In Other School Settings

- Multiple Intelligences and technology
- Multiple Intelligences and counselling
- Multiple Intelligences in the physical education and music programs
- Multiple Intelligences with special education students

~ The Future of Multiple Intelligences

- Existential Intelligence – the 9th intelligence
- Multiple Intelligences – maximizing human potential
